Biotec Solutions Limited

Biotec Solutions Ltd., established in 2001 in Auckland, to address the growing demands of manufacturers for advanced manufacturing and packaging machinery, laboratory equipment, and specialty materials. Over the years, we have expanded our product portfolio to include premium-quality empty hard gelatine and vegetarian capsules. In addition to product supply, we offer value-added engineering services and expert technical support in product development, quality assurance, contract stability storage, instrument calibration & qualification services, and turnkey engineering solutions. In our continued effort to serve our customers more efficiently, we are enhancing our offerings to include R&D services.
