Nutrizona Pharma

Nutrizona Pharma Limited is a dietary supplement manufacturer based in beautiful Pukekohe.

We were founded in 2014 and originally operated with a small, dedicated team, several of whom still work with us today. We have proudly supported the health and wellness industry with high-quality, locally made products since then, encouraging the use of domestically sourced ingredients such as green lipped mussel and New Zealand's iconic dairy products. Nutrizona Pharma is committed to continued expansion, broadening our product offerings, and delivering exceptional customer service to clients both in New Zealand and internationally.
