

Natural Health Products NZ Innovation Expo 2023 Exhibitor

Chemiplas Health & Nutrition

Working with the innovators in food, health and nutrition, we are bulk ingredients suppliers.

Ask us about dairy ingredients, botanical and herbal extracts, proteins, amino acids, sweeteners, plant-based ingredients, low sodium... and much more.

Every day we source quality bulk raw materials and ingredients for manufacturers of nutritional dairy blends, infant & follow-on nutrition, food and plant-based food, beverages, sports nutrition, pharmaceutical and nutraceutical products, natural health and dietary supplements.

Stand #: TBC
