

# Natural Health Products NZ Innovation Expo 2023 Exhibitor

## Pharmapac

Pharmapac is a New Zealand owned company with more than 30 years in the business of designing, manufacturing and producing plastic packaging solutions for not only local, but an ever-growing list of international clients.

Our considerable experience in the areas of pharmaceutical, medical, nutritional and personal care packaging, has seen continued growth and expansion of our plant's capabilities, including superior quality injection, injection stretch blow molding and extrusion blow molding.

Pharmapac is New Zealand's only manufacturer of the revolutionary Clarified ISBM Polypropylene Tablet Bottles, which are the only non-glass option to provide superior Moisture Vapor Transfer Resistance, Clarity and meet all Food Contact Standards in the one product.
